

To be read at the meeting
SLOWLY please.

To my way of thinking

"We must look to the future"

Much as I do not like saying this the only way forward is to build a New Church in Pyes Pa.

Patching up, when so much has to be done, at horrendous cost, is not solving the problem.

Selling the present site will help towards the cost of a new church, and all the accessories.

Using the Aquinas van, or a bus to collect + take disabled + elderly persons to Mass plus the goodwill of willing parishioners is an idea.

Tauranga is fast developing in every direction and will continue to spread.

We are already "The Parish of St Thomas Aquinas."

Yours Sincerely,
option 2. Pauline Smeaton.
